

2010 Cross-Border Patient Safety Conference: Safe Care of the Very Large Patient

Call for Posters

We invite poster submissions on topics related to safe care of the very large patient; we encourage posters that describe proven tools and methods used to improve safety and decrease errors in transitions and/or ambulatory and/or community care settings. This is an excellent opportunity to share your success with the community!

All posters must be free of commercial bias. Posters that present evaluations of commercial products will not be considered.

Details:

Posters will be exhibited all day in a designated breakout room (or hall close to the conference proceedings).

The poster must be free-standing (e.g., attached to posterboard) and fit on a large easel (*no more than 28" x 40"*).

Proposals:

Due date is February 28, 2010.

Send the following information to msmith@qualityhealth.org:

- Poster title, sponsoring organization, and presenters/authors.
- Description, limited to 250 words.
