****Memberships run on a calendar year basis – January through December; renewal invoices are typically mailed in late October.**

Membership Category Definitions

With the exception of Individual members (see below), the benefits of organizational membership apply to all employees of the member. For example, all employees of a member hospital receive discounted conference registration. For associations, benefits extend to the association's board and employees but not to the association's members.

- **Individual:**
Any one person, regardless of his or her employment status or association with another entity. Benefits of membership (e.g., reduced registration fees for conferences) are enjoyed by the individual only and are not transferable to another person or to the member's employer.
- **Provider group (for-profit or not-for-profit):**
Any group of licensed health care providers who provide direct patient care, working together under a single business license. Examples include but are not limited to physicians (any specialty), dentists, midwives, psychologists. Fees are based on the number of providers.
- **Hospital (for-profit or not-for-profit):**
Designated Critical Access Hospitals: per Medicare criteria.
The other hospital categories are determined by number of licensed beds.
- **Health Care System (for-profit or not-for-profit):**
A complex of facilities, organizations, and personnel providing health care within a defined geographical area. It may include different types of entities, e.g. hospitals, nursing home, clinics, home health agencies, and others. Fees are based on number of hospitals in the system.
- **Health Plan (for-profit or not-for-profit):**
Fees are based on number of enrollees.
- **Government agency; non-profit trade or professional organization:**
Includes city, county, state, federal government. Trade or professional organizations are non-profit and have 501(c)6 or 501(c)3 status. Fees are based on annual budget.
- **Other Health Care Organization (for-profit or not-for-profit):**
Group of licensed providers who have limited or no direct contact with patients, such as pathology, laboratory, radiology. Fees are based on the number of employees.
- **Other For-profit Organization or Industry:**
Any for-profit organization that does not fit in any of the other categories, such as pharmaceutical or IT industry, retail pharmacy chain, device manufacturer.
